

Consent - Detoxification Services

While these detoxification services are considered very safe and effective for most, there are some contraindications that you should be aware of. In many cases, these therapies may still provide benefit and it is up to your licensed physician to prescribe the most appropriate treatment. For this reason, along with your consent, we require a prescription or signed referral from a licensed physician for anyone receiving colon hydrotherapy having a contraindication listed **proceed with caution column**. **Restricted column services will not be provided.**
