

Consent – Contraindications for Colon Hydrotherapy

While our detoxification services are considered very safe and effective for most, there are some contraindications that you should be aware of. In many cases, these services may still provide benefit and it is up to your licensed physician to prescribe the most appropriate treatment. For this reason, along with your consent, *we may require a prescription or signed referral from a licensed physician for anyone receiving colon hydrotherapy having a contraindication listed **proceed with caution column**. **Restricted column services will not be provided.***

<u>RESTRICTED</u> <u>(Cannot do service)</u>	<u>PROCEED WITH CAUTION</u> <u>(May require doctor prescription)</u>

1. I have read the list of contraindications for colon hydrotherapy and verify that my answers are true.
2. I understand that I may need a prescription from a physician.
3. If I experience any new health problems or a worsening of existing health problems, I will contact my physician immediately.
4. I understand that it is my responsibility to inform the practitioners at Nourishing Journey of any changes in my health that may be related to the listed contraindications.
5. While the therapist is certified in colon hydrotherapy, I fully understand that colon hydrotherapy is not a licensed profession in the state of Maryland. I acknowledge that I am responsible for inserting the tube required for the session and that the therapist is not licensed to do this for me. If I would like assistance with the insertion of the tube, I will ask the therapist and I give permission to the therapist to be of assistance. I also understand that the therapist cannot be held liable in doing so.
